

Subject: BIOK's New Showroom

Dear dealers:

With our sights firmly set on offering a better service and our goal of improvement, we have just renewed our installations in Hondarribia, presenting a new showroom space with BIOK's latest products: A2, A1, Basic, Ingravita...

We are confident that we will receive many visits from dealers, architects, final customers, etc. who we hope will like our new space.

Looking forward to hearing from you soon, we send you our best regards.
